No completed carbines were accepted by Gov. Procurement Officers from Irwin Pedersen. However, approximately 3,542 complete carbines were at the IP factory when it was taken over by Saginaw (Grand Rapids) on April 1, 1943. It is your author's opinion that these 3,542 carbines represent the only properly marked and assembled Irwin Pedersen carbines. Observed serial numbers are below serial number 1,800,000 and are from the first serial number block. All other IP marked receivers (approx. 50,000) were assembled by Saginaw using a mixture of IP, UEF and Saginaw manufactured and sub-contract component parts.
